

**Learning Team Assistant
The FabNewport Summer Experience
"What every child deserves"**

July 5 - August 17
\$18/hour

FabNewport seeks to hire seasonal staff for its Newport Experience (NEX) summer program for summer 2023. These positions are an integral part of a summer learning team built on student interest and staff/partner experience. Assistants/college interns will work directly with students to support the learning team leads to ensure a fun, engaging, productive summer experience for all our learners. This program is based on creating a formal network of Place Based Education (PBE) here in Newport to provide opportunities for local students to engage in learning with and about their communities.

Last year there were three 2-week immersion sessions with Middle School Students that included Golf, Surfing, Sailing, Biking, Art, Music, Farming, Hiking, Storytelling, Self-Care, Entrepreneurship, STEM, Restoration. We anticipate offerings and structure to be similar for Summer 2023

Summer Schedule:

Training: July 5, 6, 7 full day - exact times TBD

Programming: July 10 - August 17th (Mon-Th 8:30 am - 3 pm)

Each learning team is developed as follows:

- 8 - 10 Middle School Students
- 1 Professional Educator
- 1 College-Aged Intern
- 1-2 Community Partners (ex: Gnome Surf, Norman Bird Sanctuary, Sail Newport, etc)
- 1 Teen Intern (trained High School Student)

Help students build and experience their dream summer from a menu of 2-week experiences that are immersed in the community, standards based and designed specifically for them!!
